## Word for James for Israel Trip

*Speak to the high places.*

*Pull down the strongholds.*

You are entering the land of Israel ***as a David***. God has prepared you and called you to take the shot. Your stones are smooth and will sail straight to the targets of deception. The stones have been made smooth by the ***River of Life*** – washed smooth by the living waters to hit the target with the first shot. O, the significance of ***being in this place at this time*** is not coincidence. You have ***been prepared for this time*** and this time is **NOW**.

You return as a ***familiar soldier to the land*** – walk the land and speak to the nation. You see what the Lord sees and ***your faith will cause your spirit man to rejoice***.

You have ***spiritual authority*** in His Name. You are set apart and called out to affect the earth and ***walk in full authority of the Most High***. You have wisdom to impart so grace will abound more.

Speak to the water, speak to the mountains and call them to move. For the Lord is preparing for his return and has ***called you to prepare ye the way of the Lord***.
